- **Uncompromising performance**
- **Commercial durability**
- **Simple, intuitive controls**
- **Warm commercial styling**
- **Recognisable design**

90
1919–2009

KITCHENAID – style icon for almost a century

Designed at a time when the United States was fizzing with energy, when American manufacturers led the way in making state-of-the-art machinery, KitchenAid has kept its legendary number one position in both professional and domestic kitchens. The brand's continuing - and unique - ability to combine beauty with the latest innovations in technology make it, still, the most coveted range of kitchen appliances in the world.

It is 1908, the year the Harvard Business School is established, William C Durant founds the company that will eventually be General Motors, Henry Ford produces the Model T, and Ohio-based engineer Herbert Johnston begins his own work on developing a commercial mixer that will transform the baker's backbreaking, laborious art.

It took Johnston six long years to get his first mixer to market. The Hobart model H, launched in 1914, was an immediate commercial success. With a massive 75-litre capacity, bakers' lives were changed forever, making light work of the mixing and kneading that used to be done by hand. As well as the established bakery chains who invested in the machine, in 1917, the US Navy installed the monster mixer in the galleys of its entire fleet of ships. Not one to stand still, Johnston saw the enormous potential of what he had produced, and put his fine engineering mind to work developing a smaller but just as efficient mixer for the cook in the domestic kitchen.

However, it wasn't until after the First World War, when American manufacturers could finally reclaim their businesses from bleak but necessary war work, he was able to really begin. He knew his home mixer would have to be made from the highest quality materials, that it would have reliable mechanical workings, and, in his inimitable forward-thinking way, that it would look good. In 1919, it was ready. When it was launched, the KitchenAid Hobart model H-5 caused a sensation. With his insistence on quality, only four machines a day were made in his Springfield, Ohio factory.

During the following decade, he worked tirelessly on refining the mixer because his ambition for the next model was that it should be made to the same exacting standards but at a price everyone could afford. The stunning, elegant model G, launched in 1927, made the company's fortune, selling 10,000 every year for the next three years.

The devastating effects of the Depression in the 1930s called for even cheaper models. So, in 1936, Johnston employed the fantastic design skills of Egmont Arens, also editor of Creative Arts magazine, and society rag Vanity Fair. His flair combined with the uncompromising quality of the KitchenAid® mixer, produced three new K-models. The "K" won awards, became a design museum must-have, and in 1955, when it was produced in a range of colours, it put the world of white goods in a spin and America fell in love with Sunny Yellow, Island Green, Satin Chrome, Antique Copper and Petal Pink.

THE SATURDAY EVENING POST

Gone are kitchen worries—when KitchenAid prepares the food

AT THE SNAP OF A SWITCH

KitchenAid
Electrical Food Preparer for the Home

If you happen to have one of these 1936 K-models, amazingly you would still be able to use the attachments that came with Arens's timeless stand mixer in a machine bought today, as the design remains pretty much intact. New colours were introduced in 1994 - Imperial Red, Cobalt Blue, Almond Cream, Onyx Black, Matt Grey, Brushed Nickel, Majestic Yellow, Chrome and White then later, Pink, Tangerine, Ice Blue, Green Apple, Caviar, Pearl Metallic, and, new in 2008, the deeply desirable Chocolate, Boysenberry and Bronze Pearl.

So, to the heart of the matter and exactly what has made the KitchenAid® stand mixer, and the newest recruits to the ever expanding brand, the envy of its competitors? In 2009, KitchenAid celebrates its 90th anniversary, and just as it always was, the Artisan® stand mixer is a glamorous workhorse. Still assembled by hand from sturdy die-cast metal parts, it's strong and stable; it sits solidly on the work surface and even when working at full speed, there is not one wobble. Age has not withered the design either, and its famous curves still come in the same deliciously shiny, but tough, enamel coating.

Take it from Santa...

"It'll be Christmas in our kitchen all year long!"

KitchenAid

But it's also what's on the inside that remains crucial to its success. Patented in 1919, the unique 'planetary action' continues to work its magic in the Artisan® Stand Mixer today. The beater rotates in one direction while it whisks and turns in the other, and the machinery is silent, reliable and long-lasting. The controls are simplicity themselves to use.

Always looking towards the future, the KitchenAid® Artisan® Collection now includes a blender, toaster, espresso maker and burr grinder, food processor and waffle baker. Perhaps the most exciting development, though, is the launch of premium, built-in major domestic appliances including ovens, microwaves, hobs, cooker hoods, fridges and dishwashers, all based on decades of knowledge.

With professionalism and style as its watchwords, KitchenAid remains unmatched when it comes to quality and performance.

KitchenAid®

Artisan® Stand Mixer 5KSM150PS

So much more than a mixer, the Artisan® Stand Mixer is the ultimate cooking tool, allowing you to indulge your creativity in the kitchen. Designed for high-performance home mixing, this outstanding food preparation machine gives fantastic results time after time. An extremely stylish addition to your kitchen.

New Artisan® stand mixer cookbook
90th anniversary edition
THE KITCHENAID® COOKBOOK

To celebrate the 90th anniversary of the legendary KitchenAid® stand mixer, we are proud to issue a 2009 cookbook which showcases the ease of use and versatility of all the KitchenAid® appliances.

Buy an Artisan® stand mixer 5KSM150PS or 5KSM156PS and you will receive this beautiful new cookbook, bursting with tempting recipes and inspirational ideas to fuel your creativity in the kitchen.

In order to receive this free cookbook, you will have to return the completed questionnaire on the warranty card to KitchenAid.

Artisan® Stand Mixer optional accessories

There's a wide variety of accessories and attachments for creating hundreds of delicious recipes. Even the most creative of chefs will find that the possibilities are endless, whether it's making a family recipe or creating a real work of art.

5FGA
FOOD GRINDER

For mincing and grinding meat, fish, vegetables, dried bread, firm fleshed fruits and cheese.
Comes with : a 2-sided, 4 blade self-sharpening stainless steel knife, coarse and fine stainless steel grinding plates and food stomper/wrench.

5FVSP
FRUIT AND VEGETABLE STRAINER

Must be used in combination with the 5FGA !
For puréeing soft fruits and cooked vegetables.
It strains the food to a purée and separates any pips, stems or skins.

MVSA
ROTOR VEGETABLE SLICER AND SHREDDER

For slicing and shredding root and green raw vegetables, potatoes, onions, cheese, all kinds of fruits, nuts and chocolate for toppings.
Comes with : medium and coarse shredding drums, and slicing drum.

EMVSC
OPTIONAL DRUMS

3 additional drums to use with the MVSA !
Comes with : a potato drum, a stripping (Julienne) drum and a fine shredding drum.

5KN1PS
STANDARD POURING SHIELD

A one-piece, dual purpose accessory that helps prevent splashing. The pouring spout allows you to add ingredients with ease whilst mixing.
It's made out of transparent Lexan (polycarbonate) to give a full view of the ingredients in the bowl.

5JE
CITRUS JUICER

For making fresh fruit juices.

5CO
CAN OPENER

The solid metal can opener holds the can securely in place during opening and a magnet picks up the lid after opening.

5KICA0WH
ICE CREAM MAKER

Produces up to 1.9 L of soft consistency ice cream, sorbets or frozen desserts.
Liquid within the double walls of this innovative freeze bowl provides thorough, even freezing throughout the mixing process.

FPPC MIXER ATTACHMENT PACK **(5FGA+MVSA+5FVSP)**

5SSA
SAUSAGE STUFFER

Must be used in combination with the 5FGA !
For making all kind of sausages.
Comes with : 2 tubes (10 mm and 16 mm).

5FT
FOOD TRAY

Can be used in combination with the 5FGA or 5FVSP.
For holding larger quantities of food for quicker and easier processing.

5KGMA
GRAIN MILL

For grinding wheat, oats, rice, corn, barley, buckwheat, millet and other low moisture non-oily grains. It can be adjusted to mill anything from flour to coarsely cracked grains.

All in metal.

5K45SBWH 4.28 L

5KB3SS 3 L
OPTIONAL BOWLS

Complement the standard 4.83 L bowl and useful for mixing smaller quantities. Both bowls are made of polished stainless steel.

5K5THSBP
STANDARD 4.83 L BOWL

Polished stainless steel bowl with ergonomic handle.

KMCC1WH
MIXER COVER

This washable cover of 100 % cotton polyester keeps the mixer free from dust and grease. It has a handy external pocket for recipe books, kitchen gadgets and other items.

KitchenAid®

KPRA
PASTA SHEET ROLLER AND CUTTER SET

Set of 3 pieces, made of durable chromed metal : a roller to make sheets of pasta up to 140 mm wide and 2 cutters to make fresh tagliatelle or spaghetti.

KRAV
RAVIOLI MAKER

Complements the pasta sheet roller and cutter set KPRA.
For stuffing your favourite pasta with your favourite filling.
Made of durable chromed metal.

5KPDR
PASTA DRYING RACK
(with black or blue foot)

Unfold the base legs, then spread the arms out in a staggered spiral for over 3 meters (16 arms of 20,32 cm each) of total drying rack space.
Use the wand, which is conveniently stored in the center post, to catch the tagliatelle or spaghetti as they come out of the cutters from your pasta maker.
Then place the fresh pasta on the rack for drying. The rack frees counter space and helps promote fast, even drying.

KitchenAid®

New accessory 2009
Pasta shape press 5KPEXTA

This pasta press is ideal to make easy and fresh, homemade pasta.

The pasta press comes with a combo tool, an accessory storage case, cleaning brush and set of 6 plates for making different shaped pasta.

Each plate is composed of one metal frame and two plastic inserts.

SPAGHETTI PLATE
long, thin, round strands

BUCATINI PLATE
long, hollow pasta-strands

RIGATONI PLATE
large, tube-shaped pasta with ridges

FUSILLI PLATE
spiral-shaped pasta, +/- 4 cm

LARGE MACARONI PLATE
tube-shaped pasta with ridges

SMALL MACARONI PLATE
narrow, tube-shaped pasta with ridges

Basic Egg Pasta (5KPEXTA)

250 g white unbleached flour type 00
250 g semolina
4 eggs
water
1/2 teaspoon salt

Place the eggs in the stand mixer bowl and add water until you obtain a total liquid weight of 230 g.
Add flour, semolina and salt.
Attach dough hook, turn mixer to speed 1 and mix for 10 minutes.
Remove dough from bowl and hand knead for 5 minutes.
Separate into pieces of 2cm diameter and 10cm length (cylinder-shape).

KitchenAid®

New Special Edition Accessory
90th Anniversary Glass Bowl 5K5GB

4,83-LITRE DESIGNER MIXING GLASS BOWL WITH REMOVABLE BASE

EASY TO READ INGREDIENT QUANTITY MARK
BOWL HAS BOTH STANDARD AND METRIC MEASUREMENTS MOULDED INTO THE SIDE TO ACCOMMODATE CUPS, OUNCES, LITRES AND MILLILITRES.

SILICONE LID
CAN BE PLACED ON BOWL WHEN PROOFING DOUGH, SUCH AS PIZZA CRUSTS AND ROLLS. ALSO HELPS KEEP BOWL CLEAN WHEN STAND MIXER IS NOT IN USE.

STURDY GLASS CONSTRUCTION
MADE OF DURABLE GLASS.
MIXING BOWL IS DISHWASHER, FREEZER AND MICROWAVE-SAFE.
THE MOULDED POURING SPOUT MAKES POURING BATTERS EASY, MINIMIZING SPILLS AND DRIPS.
THE SPECIAL BOWL BASE SECURES THE BOWL TO THE STAND MIXER.

KitchenAid®
